Spurred students are those students who are enrolled at UC San Diego, and require COO to billed outside agency (public or private sector) including military agency, educational institution, and international embassies for tuition and mandatory fees.

Submit Financial Guarantee

Your sponsor will provide a financial guarantee via a U.S. guarantee for the sponsorship covered expenses. The sponsor must have accurate and up-to-date information.

Complete Billing Authorization

Please your Financial Guarantee is submitted, provide your name, address, and e-mail to the Student Financial Services (SF S) and include information for your sponsor agency, including student contact information.

Waive Health Insurance

Many sponsors do not cover USAH insurance; please confirm this with the agency or SF S. If necessary, apply for the health insurance waiver by the published deadline.

Pay Miscellaneous Fees

Typically, miscellaneous fees (e.g., parking permits, etc.) are not covered with one’s sponsorship. We suggest checking your account activity when monthly billing statements are released. If there are any open charges on your account not covered by your sponsor, they can be paid online or in person.

Check Account Holds

Prior to the start of each quarter, log into Triton Link and verify if there are any holds on your account that may block your ability to enroll for future quarters.

Review Account Balance

All tuition and mandatory fees must be paid to avoid any holds. The student financial aid office will inform you if any funds are held by the financial aid office that can be credited to your UC San Diego student account. Any overpayment is to be returned to the student sponsor.

Stay Up-to-Date

Please ensure Student Financial Services has the most current version of your Financial Guarantee and Billing Authorization. Outdated documents may cause a delay in processing your sponsorship credit.
